

FreeRadPro™ contains validated ingredients to support glutathione levels and mitochondria function.*

Just as the name suggests, this unique formula combines potent ingredients and smart complexes to provide superior free radical protection.*

SMART COMPLEXES

Glutathione Support*

Glutathione (GSH) is the most powerful antioxidant in your body. Unfortunately, as we increase in age, our levels of glutathione decrease.*

To help support levels of Glutathione, we added a bioavailable form of **L-Glutathione** along with **N-Acetyl-Cysteine (NAC)**, which is a precursor that has been shown to naturally increase glutathione production.*

GSH Synergistic Complex*

In addition to NAC, we've added vitamins, minerals and key ingredients such as **alpha lipoic acid** and **milk thistle extract** that can work synergistically to help with the natural production of glutathione.*

Mitochondria Support Complex*

Mitochondria are known as the powerhouses of the cell. They take in nutrients, breaks them down, and creates energy rich molecules for the cell.

Not to keep mentioning the aging population, but with age, the number of mitochondria naturally declines.

Researchers have shown there's significantly more mitochondrial damage in the brain cells of humans over 70 compared to middle aged individuals.¹

Oxidative stress is characterized by the overproduction of reactive oxygen species, which can damage the mitochondrial.²

Reactive oxygen species (ROS) is a type of unstable molecule that

contains oxygen and that easily reacts with other molecules in a cell.³ Reactive oxygen species are free radicals that easily damage mitochondrial DNA, causing cells to malfunction and ultimately to die.⁴

Coenzyme Q10

The first important ingredient in this complex is Coenzyme Q10. Most everyone has heard the importance of taking CoQ10 for the heart and many other benefits, but it also acts as an electron carrier in mitochondria and as a coenzyme for mitochondrial enzymes.⁵

Pyrrroloquinoline Quinone (PQQ)

The next crucial ingredient in this complex is called Pyrrroloquinoline Quinone (PQQ).

PQQ is an important antioxidant that promotes the creation of new mitochondria, along with supporting heart health and cognitive function.*

PQQ has been identified as a novel supplement that is involved in various physiological processes such as redox modulation, cellular energy metabolism, and mitochondrial biogenesis and is a potent antioxidant.⁶

Enhanced Absorption Agent*

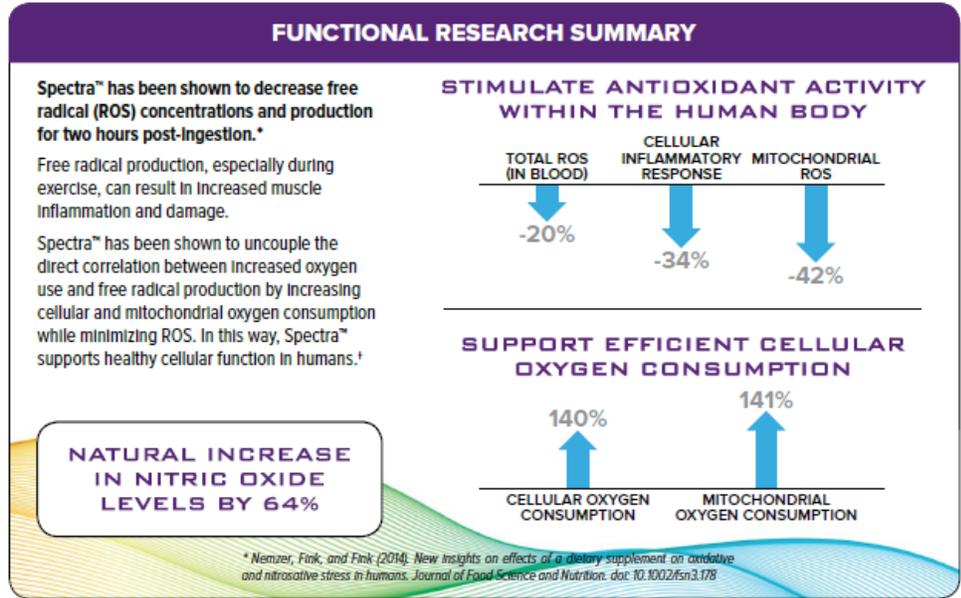

BioPerine® has been clinically tested with several nutrient groups, including water-soluble vitamins (vitamin B6, vitamin C), selenium, coenzyme Q10 and other ingredients to significantly enhance the bioavailability of supplemented nutrients through increased absorption.⁷

Spectra™ Total ORAC Blend

Spectra™ is a plant-based, scientifically validated formula of fruits, vegetables, and herbs shown to inhibit free radical production, optimize cellular metabolic activity, and increase nitric oxide levels within the human body.*

FreeRadPro™ is a unique formula with potent ingredients to provide free radical protection.†

NON-GMO
 GLUTEN FREE

SOY FREE
 DAIRY FREE

Suggested Use: As a dietary supplement, take 2 capsules daily with water.

Warning: Do not use if pregnant, nursing or under the age of 18. Use only as directed. Consult with your physician before taking this or any other dietary supplement, especially if you have or suspect you may have a medical condition, or are taking any medications, over the counter products, or other dietary supplements. Immediately discontinue use and consult your doctor if any adverse reactions occur.

KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE.

Supplement Facts		
Serving Size: 2 Capsules		
Servings per container: 30		
	Amount per Serving	%DV*
Vitamin C (as Ascorbic Acid)	150 mg	167%
Vitamin D3 (as Cholecalciferol)	12.5 mcg	62%
Vitamin E (as d-Alpha Tocopherol)	10 mg	67%
Vitamin K2 (as Menatetrenone 7)	100 mcg	83%
Riboflavin (Vitamin B2)	2.5 mg	192%
Vitamin B6 (as Pyridoxine HCL)	3 mg	176%
Folate (Vitamin B9)	100 mcg	25%
Vitamin B12 (as Methylcobalamin)	150 mcg	6250%
Magnesium (as Magnesium Citrate)	20 mg	5%
Zinc (as Zinc Picolinate)	5 mg	45%
Selenium (as SelenoExcell®)	35 mcg	64%
Glutathione Support†		
N-Acetyl-Cysteine (NAC)	500 mg	**
L-Glutathione (reduced form)	100 mg	**
GSH Synergistic Complex†		
Alpha Lipoic Acid (ALA), Quercetin, Cordyceps (Cordyceps militaris), Milk Thistle Extract (Silybum marianum) (seed)(Standardized to contain a minimum of 80% Silymarin), Grape Seed Extract (Vitis Vinifera)	335 mg	**
Spectra™ Total ORAC Blend		
Green Coffee Extract, Broccoli Sprout Concentrate, Green Tea Extract, Onion Extract, Apple Extract, Acerola Extract, Camu Camu Concentrate, Quercetin, Tomato Concentrate, Broccoli Concentrate, Acai Concentrate, Turmeric Concentrate, Garlic Concentrate, Basil Concentrate, Oregano Concentrate, Cinnamon Concentrate, Elderberry Concentrate, Carrot Concentrate, Mangosteen Concentrate, Blackcurrant Extract, Blueberry Extract, Sweet Cherry Concentrate, Blackberry Concentrate, Chokeberry Concentrate, Raspberry Concentrate, Spinach Concentrate, Kale Concentrate, Bilberry Extract, Brussels Sprout Concentrate	100 mg	**
Carotenoid Complex		
Lutein 25%, Lycopene, Zeaxanthin from Marigold (Tagetes erecta) (flower)	21 mg	**
Mitochondria Support Complex†		
CoEnzyme Q10 (Ubiquinone), PQQ (Pyrroloquinoline Quinone)(as PQQ Disodium Salt)	60 mg	**
Enhanced Absorption Agent†		
BioPerine® (Black Pepper Fruit Extract)	10 mg	**
*Daily Values based on a 2,000 calorie diet		
**Daily Value Not Established		
Other Ingredients: Vegetable Cellulose (capsules), Magnesium Stearate, Silicon Dioxide.
